

## Stain Rescue (B101)

Peroxide-based stain remover

FOR PROFESSIONAL USE ONLY

**A two-part stain removal system for difficult-to-remove natural discoloration stains on carpet and water-cleanable upholstery.**

**APPLICATION:** Spotter

### DESCRIPTION

For the toughest natural dye stains on synthetic carpet and upholstery fibers, the potent ingredients in 2-part Stain Rescue can do the job. Most natural fruit juice, berry, wine, coffee, tea, grass, vomit, urine and feces stains disappear within minutes!

### FEATURES

- Professional strength carpet stain remover
- Hydrogen peroxide-based product for the toughest stains
- Two-part system ensures maximum stain removal
- Effective on natural stains such as natural fruit juice, berry stains, wine, coffee, tea, and other difficult problems

### WHERE TO USE

Effective on natural stains such as fruit juice, berry stains, wine, coffee, tea, grass, vomit, urine, feces, and other difficult problems.

### USE DILUTION:

Mix equal amounts of Part A and Part B

### USE DIRECTIONS:

**Mixing:** Mix equal amounts of Part A and Part B.

**Pre-test:** Pre-test Stain Rescue in an inconspicuous area for colorfastness. Note: Some delicate fabrics may experience color loss.

#### Spotting:

1. Sponge or scrape up any surface spot material.
2. Apply mixture directly to the spot. Do not apply to non-stained areas.
3. Allow 10 to 30 minutes contact time for stain removal.
4. Blot with clean white absorbent cloth. Do not rub. Deep spots may need light brushing. Work from the outside to the center of large spots.
5. Repeat if necessary. Rinse area with clear water, blot to dry. Brush to align fibers. Discard any unused mixture.

### USAGE TIPS:

- NOTE: Stain Rescue can cause color loss (bleaching) in some fabrics. Always pretest in an inconspicuous location, for possible dye loss or other undesirable effects on some types of carpet or fabric.
- Not recommended for natural fabrics such as cotton or wool because of risk of color loss.
- For synthetic dye stains such as red juices, try Red Rescue.
