## KNOW BEFORE YOU GO

To ensure timely repairs for all our customers, Atex accepts a maximum of five (5) pieces of equipment at a time per customer. This limit may change, so we recommend calling your local store before bringing in your items.

Please note that we will have to turn away any equipment if your company has already reached the limit. The only exception is for equipment covered under warranty; in this case, we encourage you to bring it in as soon as possible, along with proof of purchase.

Thank you for your understanding!
